

# Tutorial: TumbleBook Library

# TumbleBook Library

- o TumbleBook Library offers storybooks, eBooks, games and learning tools via streaming for young kids.
- o You can make an account to save your favourites and create a custom playlist.
- o You don't have to download any special software and never have to worry about late fees.

# Types of books

- o TumbleBook Library has four different types of books:
  - o Story books combine animation, illustration, narration and sound effects to create a movie-like experience for kids
  - o Read along books are digital copies of text that a narrator reads aloud
  - o eBooks are purely digital content with no additions.
  - o Graphic Novels are digital scans of illustrations and text without narration

# Linking Content

- Related games and videos are linked to books.
- For example, the story book *Ruby's Wish* by Shirin Yim Bridges.
- The book is about a girl in China. For this reason, TumbleBook has linked a National Geographic video about Asia to the book. Just select Play Video to be brought to it. The video also has a TumbleBook logo that will bring you back to *Ruby's Wish*.

# Linking Content

- o See another example with the story book *Pigs* by Robert Munsch
- o The English translation of the book is linked to games in English related to *Pigs*. Just select Games to be brought to it.
- o Sometimes there are more than one game!

# Word Helper

- o *Pigs* by Robert Munsch is one of the view story books that have Word Helper.
- o This feature allows children to select words that have been highlighted and have the narrator sound them out
- o The last page of the book has a complete vocabulary list
- o Books with this feature:
  - o The Best Excuse
  - o Bugs! Bugs! Bugs
  - o Caillou and Gilbert
  - o Caillou Tidies His Toys
